PROFILE

I am an ambitious, creative and hardworking Computer Science student with a pleasant personality. I am a team player who can adapt well to different working environments. I am currently pursuing a Diploma in Computer Science at Thika Technical Training Institute. I have good computer skills and an interest in technology and web development. I am willing to learn new skills and apply my knowledge in a professional working environment.

CAREER OBJECTIVE

Having developed an interest in Computer Science, technology and web development, I would like to gain, grow and enhance my skills in my field of study. I am seeking an opportunity to apply my knowledge, gain practical experience and contribute positively to the organization while developing my professional skills.

KEY COMPETENCIES

- Good communication and interpersonal skills.
- Strong teamwork and ability to work with others.
- Good computer literacy and knowledge of Microsoft Office applications.
- Basic knowledge of web development, programming and information systems.
- Good time management and organizational skills.
- Ability to learn quickly and adapt to new environments.
- Responsible, hardworking and committed to assigned duties.
- Professionalism and positive attitude towards work.

WORK EXPERIENCE

RECEPTIONIST – DENTAL CLINIC

- Welcoming and assisting clients in a professional and friendly manner.
- Handling basic customer enquiries and directing clients appropriately.

- Assisting with appointment scheduling and general reception duties.
- Maintaining good communication with clients and staff.
- Performing basic administrative and computer-related tasks.
- Maintaining professionalism and good customer service.
